Pro-Midi-Rock

Small profile design with IP6K9K rating and 1800 lumen outputs.

Pro-Rock II

Compact profile with IP6K9K rating and 2000 lumen outputs.

LMX-63-0481

Large square design with IP67 rating and 3850 lumen outputs.

Pro-Stream

Available in lengths from 20" - 39" and lumen outputs from 3800-7600. These light bars have a standard beam and are IP67 rated.

FASTENERS & KITTING

Beyond LED lighting and accessories, The Accurate Group is a large supplier of fasteners and fittings, including leading stainless steel distribution through our division Absolute Stainless. We are well equipped to meet your needs including VMI and kitting services.

Absolute Stainless INC.

Absolute Stainless provides standard, semi-standard and one of a kind fasteners & hardware for all your corrosion sensitive applications: Stainless steel screws, bolts, nuts, & washers; Brass fasteners; Threaded rods; Tamperproof products; Adhesives and thread locking products; Imperial and metric fasteners.

Kitting & Packaging

Our pre-packaged components give our customers significant advantages when it comes to efficiencies and reducing errors. Our custom kits allow your team to focus on fast and efficient assembly.

RACK & ROLL

Accurate Group's answer to Vendor Managed Inventory, the Rack & Roll Inventory Management System is tailored to manufacturing requirements with "Just In Time" delivery. We dispense, we clean, we recycle — we take care of your inventory needs.

Please inquire to learn more about our entire selection of LED work lamps and how we can be your valuable supply partner.

FOUNDED IN 1976

The Accurate Group has been a leading Canadian supplier and distributor of fasteners, industrial hardware, molded products, LED solutions, and accessories to the North American original equipment manufacturing sector for more than 45 years. Along the way we have grown to three Regional Distribution Facilities that are ISO 9001-2015 Certified with stringent quality control processes in place.

550 Applewood Crescent, Concord ON

As a supplier to some of Canada's largest truck, trailer, and off highway vehicle manufacturers, we understand the different lighting requirements when it comes to signal lighting, work lamps, warning lights, interior lights, LED bulbs, and accessories. Our comprehensive assortment of top quality and cost effective solutions serve to make us a key strategic source for our O.E.M. partners in the truck, trailer, and OHV market. Furthermore, our industry leading stainless steel division, Absolute Stainless, makes us a one stop shop for all your needs.

105 Heroux Devtek Dr., Cambridge ON

Using our global supply network, The Accurate Group can either source locally or go offshore to manufacture both standard and "Made to Order Specials" in economical volumes at the best possible price which can then be warehoused locally for consumption on an as required basis by our customers.

The Accurate Group of companies provides easy access to a broad range of lighting solutions, industrial fastening, hardware, and molded products in conjunction with a market leading level of service and technical support that allows us to lower our customers overall cost of acquisition through order and vendor consolidation in complex, SKU intensive product categories.
